## Australian Public Health Conference 2019

### Celebrating 50 years, poised to meet the next 50

Dear Potential Sponsor or Exhibitor,

The Public Health Association of Australia (PHAA) and the Conference Advisory Committee invites you to consider sponsoring or exhibiting at the Australian Public Health Conference 2019 being held from Tuesday 17 to Thursday 19 September 2019 at the Hilton Adelaide, South Australia.

The Australian Public Health Conference (formally the PHAA Annual Conference) is a national conference held by the Public Health Association of Australia (PHAA) which presents a national and multi-disciplinary perspective on public health issues. PHAA members and non-members are encouraged to contribute to discussions on the broad range of public health issues and challenges, and exchange ideas, knowledge and information on the latest developments in public health.

Through development of public health policies, advocacy, research and training, PHAA seeks better health outcomes for Australians and the Conference acts as a pathway for public health professionals to connect and share new and innovative ideas that can be applied to local settings and systems to help create and improve health systems for local communities.

In 2019 the Conference theme will be '*Celebrating 50 years, poised to meet the challenges of the next 50*'. The theme has been established to acknowledge and reflect on the many challenges and success that public health has faced over the last 50 years, as well as acknowledging and celebrating 50 years of PHAA, with the first official gathering of PHAA being held in Adelaide in 1969.

Great public health gains have been made in the past five decades, but efforts must continue. To maximise the benefit of all of these success stories, persistence and vigilance are needed. Continued funding, promotion, enforcement and improvement of policies remains essential. New resourcing of public health initiatives is essential if we are to reduce future national health expenditure (or even merely stem current rates of increase). Public health is also about equity, and is concerned with achieving fair health and wellbeing for everyone, not just those with more resources.

The high priority given to the advancement of Aboriginal and Torres Strait Islander health will be a cross cutting theme over the entire conference. Proposals to ensure strong input on this theme will be actively encouraged.

The Conference will have high quality international and national experts presenting various aspects of public health. The conference will provide a forum for sharing a range of evidence, findings and ideas in public health, as well as for making recommendations for the way forward.

Sponsorship of the Australian Public Health Conference 2019 offers a strategic opportunity to demonstrate the support your organisation gives to the rapidly moving field of public health and to associate your brand with thought leadership, sector networking and partnership development.

The PHAA team is committed to working with sponsors to match sponsorship and exhibition packages to the strategic objectives of your organisation to ensure you are satisfied with your involvement and return on investment.

We would be delighted to discuss these promotional opportunities or any further ideas you may have for promoting your products or services.

We look forward to hearing from you.

Kind regards,

**Adjunct Professor Terry Slevin**
